

ADDRESS CHANGE INFORMATION

Some of the agencies listed below will be notified on your behalf by the City of Huntington Beach. They are provided for informational purposes and for those who are more comfortable making a second notification of their own.

1. United States Postal Service

<https://moversguide.usps.com/>

Online entries require an email address and \$1 will be charged to your credit card. Form may be printed after entering data. Blank forms cannot be printed from the website.

2. California DMV

IMPORTANT: If you change your address using the online change of address process, you will **not** be able to use the driver license renewal by internet process. If you have a change of address, you should renew by mail and enter your change of address on your renewal notice.

A new driver license, identification card or registration card is not issued when changing your address.

NOTE: Changing your address on your driver license and/or identification card **does not** change your address for vehicles registered in your name. You **must** complete a separate change of address transaction and enter information from your vehicle registration card(s) to change your address for your vehicle(s).

You can also have DMV notify the Secretary of State of a voter change of address for you if you are already registered to vote.

You cannot use this system if you:

- Do not have a California Driver License and/or California Identification Card
- Do not have a Social Security Number
- Have a Commercial Driver License (CDL) issued by California and your residence address is in another state
- Have a change of address for your disabled person parking placard
